THE VESSEL

This superb design sets the standard in sedan cruisers and combines function and performance expected by the discerning owner. Immaculately maintained, in a as new condition throughout.

KEY FACTS

- ✓ Loa: 13.5m
- ✓ Beam: 4.12 m
- ✓ Spacious
- ✓ One level living
- ✓ Year: 2017
- ✓ Twin Yanmar 370hp

A seamless one-level flow from helm to transom, with a rear galley overlooking the spacious cockpit. Two cabins offer accommodation for 5 adults, with additional berths in the saloon if required. This model includes the sort after forward island bed layout, alfresco dining area, boarding platform with live bait tanks, and plenty of cockpit storage space. Modern electronics and controls, along with a bow thruster make this vessel very easy to operate.

She is powered by twin 370 hp Yanmar and has a comprehensive inventory of equipment. The magnificent timberwork throughout creates an air of luxury not seen in many new boats today. She has cameras on the bow, and engine room, diesel heater, a 5kw Northern Lights generator. She also has an inverter, basin in cockpit, and cockpit clears.

This superb design sets the standard in sedan cruisers and combines function and performance expected by the discerning owner.
